

# Music Makers Club

2011-2012

Kindergarten - 4<sup>th</sup> Grades

**Description:** The Music Makers Club is designed for students who are presently taking music lessons and would like to display their talent. The first Wednesday of each month at 7:30am the Music Makers meet in the hallway next to the music room to play or sing a song or two as students are entering the school.

Our Music Makers always receive lots of applause and encouragement from this experience. Your child will receive a reward each time they participate.

Last year the Music Makers also performed at the Southlake Senior Center for their finale show...it was a huge success!
